WELCOME

**GET
SHIT
DONE
RUN**

Thank you for your interest in the 2027 Get Shit Done Run! We want race day to be fun from start to finish: great swag, a course that's easy to follow, with good food and a great atmosphere waiting for you at the finish line.

The Get Shit Done Run began in 2019 with a dream. After years of organizing grassroots 5km and 10km races, Richelle wanted to take a shot at directing a half marathon. Rose had designed water bottles with the words “Get Shit Done” on them which became extremely popular as it appeared people loved GETTING SHIT DONE! So it was a natural fit for the race name.

Whether this is your first race, your first try at a new distance, or your chance to chase a personal best, we want you to cross that finish line knowing you GOT SHIT DONE; whether you choose 5km, 10km or 21.1km.

We've been part of Alberta's endurance community for nearly two decades, and we love bringing people together through events like this one. We couldn't do it without our volunteers, partners and of course, the runners. Thank you for continuing to show up and support this race!

RESULTS/ FINISH LINE

**GET
SHIT
DONE
RUN**

Final/Official results will take a few minutes after the last person crosses the finish line to be official.

If there is an issue with your time, please see the staff in the Startline Timing tent (ie. NOT the race director) to contest your results/if you believe your time is wrong.

If there is an issue with your time after you have left race site, please email info@startlinetiming.com (again, NOT the race director as we do not have the ability to edit or change results - only Startline Timing does).

There will be awards for the top 3 men and women in each of the the 21km, 10km and 5km events. If you miss your podium award, you will forfeit your award and it will **not** be mailed or available for pick up at a later time.

Finish Line Food: we will have the famous large pretzels from Kashew Bakery for each racer at the finish line. We will also have water, electrolytes and juice boxes available.

Food is for RACERS ONLY.

Please come prepared for snacks for your partners and children.

FREQUENTLY ASKED QUESTIONS

**GET
SHIT
DONE
RUN**

Bathrooms: porta potties will be available at the start/finish area as well as at the 5km turnaround for the 10km and 21km events, (the 21km event will again hit this at 16km) and there will be one near the turnaround for the 21km.

Bibs: your bib must be visible at all time on your FRONT while on course. Racers without numbers will be asked to leave the course. You may NOT have an unregistered runner or coach run with you.

Timing: official timing will be provided by Startline Timing. Timing is through a microchip on the back of your race bib. DO NOT BEND YOUR BIB or you will not receive an official time.

Music: because the course is on pathways you MAY run with music. However you must be able to hear officials and other pedestrians at all times. Please note, you must run with earbuds and MAY NOT play music that is audible to other racers. If officials or volunteers catch you doing so you will be immediately disqualified.

Dogs: dogs are NOT allowed on course. We will be monitoring this closely.

Strollers: we are a stroller-friendly race course! Please be advised that on-course hydration and finish line cookies are for racers only.

Pacers/Guides/Aids/Coaches: all pacers, guides, aids and coaches MUST be registered for the race as well. We will be checking bibs as you cross the start line, and at the turnaround points. Running with an unregistered pacer, guide, aid or coach will result in disqualification.

We look forward to seeing you Get Shit Done!

Three Peaks Clinic Massage Therapists will be on site pre and post event giving Free 15 minute Sports Massages for optimal race performance and recovery for event participants. Consultation to prevent injury and increase performance, strengthen or training tips as well as proper recovery advice to get you to your premier function.

This year we are excited to have CE Sport Therapy joining us! They will be on site on race day offering free hands on mini treatments to anyone with pain or an injury. Check out their tent on race day.

And in addition they are offering free Running Pain Mini Treatments in their clinic for our participants anytime between now and May 7th! Take advantage of this offer if you are trying to train through an injury right now and want to be at your best on race day or even afterwards if you find yourself having pain in the days following the race!
