We cannot thank you enough for your interest in our race. The goal is always to have an extremely well-organized event, with amazing swag, a good, easy-to-follow course, and great food and atmosphere post-race!

The Get Shit Done Race series was started in 2019 because of a dream. With putting on grassroots 5km and 10km events/races, Richelle wanted desperately to take a shot at race directing the half distance. Taking the theme from Rose's famously designed waterbottles, the Get Shit Done Run was born. The goal for the Get Shit Done Run is to have a course where they can GET SHIT DONE whether this is your first event, first shot at the distance, or a shot at a personal best!

RnR Premier Events puts on a number of events in and around Alberta each year and we are proud to bring you a professional event, put on local gals who have supported this community for the past 18 years. We certainly cannot do it without the people within the community and we thank you for your continued support.
